DETAILED ACTION

Response to Amendments

1. Amendments to claims 1, 3, 6, 9, 13, And 15 have been entered in the above-identified application. Claims 2, 7, 10, and 12 are canceled. **Claims 1, 3-6, 8, 9, 11, and 13-17 are now pending,**

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

2. Claims 15-17 are rejected under 35 U.S.C. 112, first paragraph, because the specification, while being enabling for silanised silicas having a tamped density of less than 280g/l, does not reasonably provide enablement for any other silanised silicas. The specification does not enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to practice the invention commensurate in scope with these claims.

Page 2, first paragraph states that "a tamped density of more than 280 g/l results in poorer results in the technical lacquer tests" hence indicating that a tamped density of less than 280g/l is critical to the invention. Appropriate correction is required.

Allowable Subject Matter

3. Claims 1, 3-6, 8, 9, 11, 13, and 14 are allowed.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
